**1. APPRECIATION:**

The PTA EXCO and the entire PTA of federal Government Girls' college; Gboko , wish to extend their thoughtful appreciation to God Almighty for his Righteousness, goodness and mercy that followed us in our first year in office. We are thankful to God and all stakeholders for a hitch free term with massive accomplishment in areas of academics and other extracurricular activities.

The executive committee of the PTA to work together with parents/guardians, teaching and non-teaching staff and the school management to achieve the set goals are in line with the constitution of the PTA. We hope to welcome submissions from members of the PTA that can lead us to attain the set goals-academic excellence, students, staff and parents welfare.

**3. PAYMENT OF PTA DUES/ SCHOOL FEES`**

Payment of PTA dues is a termly duty of parents for their children in all federal Government schools and FGGC Gboko is not an exception. We do not wish to owe the staff that PTA has engaged to assist the school in areas of need, and therefore, parents are also encouraged not to owe dues, since this is about the only sources of funds for the PTA at the moment.

the practice of allowing students to be cleared when they are owing PTA due/school fees is no longer encouraged no matter the circumstance, and those indebted must clear all forms of indebtedness before their children to wards shall be cleared to access the school. Anything short of what is stated above will not be condoned. Please, all parents, guardians must be guided by this information. We humbly appeal for co-operation in this regard, please"

we pray that the Almighty provider make way for our respected members to be able to fulfill this commitment which is intended at easing the task of EXCO in discharging PTA duties. Your efforts toward payment of PTA dues/school fees are appreciated/ though those owing must endeavor to clear the pending arrears/ please.

**4. INSURANCE:**

The students' insurance policy (ISP) has not been accepted by the PTA and PTA EXCO, or FGGC Gboko. Members of our PTA are therefore informed that the student insurance reform was brought to the PTA EXCO and then to the congress, for further necessary action.
